Shashi Consulting Services – Company Profile

Payroll and statutory compliance for India's workforce-intensive businesses.
Hyderabad, Telangana, India.

Who we are

Shashi Consulting Services is a Hyderabad-based payroll and statutory compliance consultancy helping factories, facility management companies, manpower service providers, and shops and establishments manage their workforce obligations with greater accuracy and confidence.

We specialise in the operational side of Indian labour compliance, connecting payroll processing, employee records, statutory contributions, filings, registers and audit readiness in one practical workflow.

Our approach combines hands-on consulting with purpose-built digital tools, so clients keep accurate wage records, meet statutory requirements on time, and respond confidently to inspections and audits.

Industries we serve

Our services are particularly relevant to organisations managing large, distributed or contract workforces:

- Factories and Manufacturing Units
- Shops and Commercial Establishments
- Contractors/Vendors Managemenet
- Facility Management Companies
- Organisations requiring recurring Statutory Compliance Audits
- Manpower and Staffing Service Providers

Our technology

We build and use digital tools that support the real-world needs of payroll and compliance teams.

Product	Purpose
Artha	Payroll and statutory compliance product supporting accurate workforce records and recurring compliance operations
Tripliance	Statutory compliance audit platform for compliance consultants, staffing companies and facility management firms
Payroll Engine	Automation layer that generates structured, formatted Excel wage sheets for facility management and contract workforces

Product	Purpose
Attendance Tracker	Workforce attendance solution supporting employee attendance records and swipe-card-based systems

Together, these tools reduce manual effort, improve consistency, and give better visibility across payroll and compliance workflows.

Why clients work with us

- Practical experience across payroll and statutory compliance operations
